Where: <http://www.videonewswire.com/event.asp?id=870>

How: Live over the Internet -- Simply log on to the web at the address above

Contact: Carol Cassara, Senior Vice President, Tucker/Hall, Inc., 408-279-3580

FARO Technologies and its international subsidiaries design, develop and market CAM2 systems and services for manufacturers of automotive, aerospace, industrial and consumer products worldwide. Principal products include the FaroArm, a six-degree-of-freedom articulating arm, the Control Station and a CAM2 family of advanced CAD-based measurement and reporting software. FARO products provide manufacturers the freedom to measure production parts or complex assemblies on the shop floor. FARO's customers benefit through improved productivity and enhanced product quality because of reduced rework and scrap within the manufacturing process. A recognized leader of dimensional quality control products worldwide, FARO Technologies is ISO 9001 certified and Guide 25 approved. See FARO online at www.faro.com.

If you are unable to participate during the live webcast, the call will be archived on the Web site www.faro.com. The call will also be archived at www.prnewswire.com.

(Minimum Requirements to listen to broadcast: The Windows Media Player software, downloadable free from <http://www.microsoft.com/windows/windowsmedia/EN/default.asp>, and at least a 28.8 Kbps connection to the Internet. If you experience problems listening to the broadcast, send an email to isproducers@prnewswire.com.)
