The Adams Harkness Annual Summer Seminar is one of the oldest and largest programs showcasing both publicly traded and privately held growth companies. This year, nearly 200 companies representing such diverse industries as technology, emerging therapeutics, healthy living, etc. will make presentations about their businesses and industries to an audience of largely small- and mid-cap investors. Most of the presenting companies are covered by Adams Harkness' team of equity analysts. In addition, the conference will feature companies outside of the Adams Harkness research universe, as well as two additional tracks of early and late stage private companies. To learn more about the Summer Seminar, please contact Nadine Miller at nmiller@adamsharkness.com .

About FARO

FARO Technologies, Inc. (Nasdaq: FARO) and its international subsidiaries design, develop, and market software and portable, computerized measurement devices. The Company's products allow manufacturers to perform 3D inspections of parts and assemblies on the shop floor. This helps eliminate manufacturing errors and, thereby, increases productivity and profitability for a variety of industries in FARO's worldwide customer base. Principal products include the FARO Laser ScanArm; FARO Gage and Gage-PLUS; Platinum, Titanium and Advantage FAROArms; the FARO Laser Tracker X and Si; and the CAM2 family of advanced CAD-based measurement and reporting software. FARO Technologies is ISO 9001 certified and ISO 17025 laboratory registered. Learn more at <http://www.faro.com> .
