About FARO

With approximately 12,500 installations and 5,500 customers globally, FARO Technologies, Inc. (Nasdaq: FARO) and its international subsidiaries design, develop, and market portable, computerized measurement devices and software. The Company's products allow manufacturers to perform 3-D inspections of parts and assemblies on the shop floor. This helps eliminate manufacturing errors, and thereby increases productivity and profitability for a variety of industries in FARO's worldwide customer base. Principal products include the Platinum, Titanium, Advantage, and Digital Template FaroArms; the FARO Gage, Gage-PLUS and PowerGAGE; the FARO Laser ScanArm; the FARO Laser Tracker X and Xi; the FARO Laser Scanner LS; and the CAM2 family of advanced CAD-based measurement and reporting software. FARO Technologies is ISO-9001:2000 certified, and accredited to ISO-17025 Calibration Laboratory Standard.
