Alternately, one may access the call via FARO's web site www.faro.com, then click "Investor Relations", "Conference Calls", then click the relevant date.

If you are unable to participate during the live web cast, the call will be archived on www.faro.com. Conference Call Replay is also available until January 3, 2012, by calling, (800) 688-9445 (domestic) or (402) 220-1371 (international). No code is required.

FARO Technologies, Inc. designs, develops, and markets portable, computerized measurement devices and software used to create digital models - or to perform evaluation and analysis against an existing model - for anything requiring highly detailed 3-D measurements, including part and assembly inspection, factory planning and asset documentation, as well as specialized applications ranging from surveying, recreating accident sites and crime scenes to digitally preserving historical sites.

FARO's technology increases productivity by dramatically reducing the amount of on-site measuring time, and the various industry-specific software packages enable users to process and present their results quickly and more effectively.
