PROXY STATEMENT FOR
2005 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation of the accompanying proxy on behalf of the Board of Directors of FARO Technologies, Inc. (the "Company") for use at the 2005 Annual Meeting of Shareholders to be held on Tuesday, May 17, 2005 at 10:00 a.m., Eastern time, at the Company's headquarters, 125 Technology Park, Lake Mary, Florida, and at any adjournment or postponement of Annual Meeting. The Company's telephone number at that address is (407) 333-9911.

This Proxy Statement and the accompanying proxy, together with the Company's Annual Report to Shareholders, were first sent to shareholders entitled to vote at the Annual Meeting on or about April 21, 2005.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon matters described in the notice of meeting contained in this Proxy Statement, including the election of directors. In addition, members of management will report on the Company's 2004 performance and, once the business of the Annual Meeting is concluded, respond to questions raised by shareholders as time permits.

Who is entitled to vote?

Only holders of the Company's Common Stock outstanding as of the close of business on April 18, 2005 (the "Record Date") will be entitled to vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of Common Stock he or she held on the Record Date.

Who can attend the Annual Meeting?

All shareholders, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Appointing a proxy in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Please note that if you hold your shares in "street name" (in other words, through a broker, bank, or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date to gain admittance to the Annual Meeting.

What constitutes a quorum?

A majority of the 14,407,277 shares of Common Stock outstanding on the Record Date must be represented, in person or by proxy, to provide a quorum at the Annual Meeting. If you vote, your shares will be part of the quorum. Shares represented by proxy cards either marked "ABSTAIN" or returned without voting instructions are counted as present for the purpose of determining whether the quorum requirement is satisfied. Also, in those instances where shares are held by brokers who have returned a proxy but are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions ("broker nonvotes"), those shares will be counted as present for quorum purposes. Broker nonvotes will not be counted as votes for or against any proposal.

What is the effect of not voting?

It will depend on how your share ownership is registered. If you own shares as a registered holder and do not vote, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares in street name and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting. Your broker may vote your shares in its discretion on routine matters such as proposal 1, the election of directors. Any shares not voted, whether due to abstentions or because they constitute broker nonvotes, will not affect the election of directors. Once a share is represented at the Annual Meeting, it will be deemed present for quorum purposes throughout the Annual Meeting (including any adjournment or postponement of that meeting unless a new record date is or must be set for such adjournment or postponement).

How do I vote?

Shareholders who own shares registered directly with the Company's transfer agent on the close of business on April 18, 2005 can appoint a proxy by mailing their signed proxy card in the enclosed envelope. Street name holders may vote by telephone or the Internet if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the Proxy Statement. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that the shareholders' instructions have been properly recorded.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you can change your vote at any time before the proxy is exercised by appointing a new proxy or by providing written notice to the Secretary of the Company and voting in person at the Annual Meeting. Presence at the Annual Meeting of a Shareholder who has appointed a proxy does not in itself revoke a proxy. Unless so revoked, the shares represented by proxies received by the Board will be voted at the Annual Meeting. When a shareholder specifies a choice by means of the proxy, then the shares will be voted in accordance with such specifications.

What am I voting on?

You are voting on one proposal:

1. Election of two directors for a term of three years, with the following as the Board's nominees:
 - o Gregory A. Fraser
 - o Stephen R. Cole

What are the Board's recommendations?

The Board recommends a vote:

- o For election of the nominated slate of directors (see Item 1)

If you sign and return your proxy card, unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board

What vote is required to approve the proposal?

The two nominees for director receiving the greatest number of votes will be elected.

Are there any other items that are to be discussed during the Annual Meeting?

No. The Company is not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the Board or proxy holders will use their discretion on these matters as they may arise.

Who will count the vote?

American Stock Transfer & Trust Co. will count the vote and will serve as the inspector of the election.

Who pays to prepare, mail, and solicit the proxies?

Proxies may be solicited by personal meeting, Internet, advertisement, telephone, and facsimile machine, as well as by use of the mails. Solicitations may be made by directors, officers, and other employees of the Company, as well as the Company's investor relations firm, none of whom will receive additional compensation for such solicitations. The cost of soliciting proxies will be borne by the Company. It is anticipated that banks, brokerage houses, and other custodians, nominees or fiduciaries will be requested to forward soliciting materials to their principals and to obtain authorization for the execution of proxies and that they will be reimbursed by the Company for their out-of-pocket expenses incurred in providing those services. All expenses of solicitation of proxies will be borne by the Company.

Delivery of Proxy Materials to Households

Pursuant to SEC rules, services that deliver the Company's communications to shareholders that hold their stock through a bank, broker, or other holder of record may deliver to multiple shareholders sharing the same address a single copy of the Company's annual report to shareholders and this proxy statement. Upon written or oral request, the Company will promptly deliver a separate copy of the annual report to shareholders and this proxy statement to any shareholder at a shared address to which a single copy of each document was delivered. Shareholders may notify the Company of their requests by calling or by sending a written request addressed to the Company, Attention: Secretary, 125 Technology Park, Lake Mary, Florida, 32746.

Where can I find Corporate Governance materials for FARO Technologies?

The Code of Ethics and the Charters for the Audit, Operational Audit, and Compensation Committees of the Company's Board of Directors are published on the Corporate Governance page of the Company's website at www.faro.com. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this proxy statement.

How Can I Contact the Members of the Board?

Shareholders may communicate with the full Board or individual directors, by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 125 Technology Park, Lake Mary, Florida 32746. Such communications will be delivered directly to the directors.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors recommends the following nominees for election as directors and recommends that each shareholder vote "FOR" the nominees.

The Board of Directors is divided into three classes, with one class of directors elected each year for a three-year term. The Board currently consists of seven members: two with terms that expire at the Annual Meeting, three with terms that expire at the 2006 annual meeting of shareholders, and two with terms that expire at the 2007 annual meeting of shareholders. Accordingly, two directors will be elected at the Annual Meeting to serve until their terms expire at the 2008 Annual Meeting of Shareholders (in each case, until their respective successors are elected and qualified).

The nominees named below have advised the Company that they will serve if elected. In the event any such nominee is unable or unwilling to serve as a director if elected, the persons designated as proxies will cast votes for such other person in their discretion as a substitute nominee. The Board of Directors has no reason to believe that any of the nominees named below will be unable, or if elected, will decline to serve.

The two nominees for director named below currently are directors of the Company and are proposed to be elected at the Annual Meeting to serve until the 2008 annual meeting of shareholders. The remaining five directors will continue to serve as members of the Board for terms as set forth below. Directors are elected by a plurality of the votes cast (assuming a quorum is present at the Annual Meeting), meaning that the two nominees receiving the highest number of affirmative votes of the votes represented at the Annual Meeting will be elected as directors. Proxies solicited by the Board will be voted "FOR" the following nominees unless a shareholder specifies otherwise.

The names, ages, and principal occupations for at least the past five years of each of the directors and nominees and the names of any other public companies of which each is presently serving as a director are set forth below:

BOARD OF DIRECTORS

Board Meetings and Independence

Eleven meetings of the Board were held during 2004. In all the meetings, more than 75% of the members attended the meetings of the Board and the committees thereof of which they are a member during the periods in which they served. The Board of Directors also took certain actions by unanimous written consent in lieu of a meeting. The Company requires its non-employee directors to meet in executive session at the end of each regularly scheduled Board of Directors meeting, not including routine telephonic meetings, and at such other times as any of the non-employee directors determine necessary or appropriate. The Board has determined that Norman Schipper, John Caldwell, Hubert d'Amours, and Andre Julien are independent directors under Nasdaq rules. The Board also has determined that John Caldwell and Hubert d'Amours meet the additional independence and qualification standards for Audit Committee members under Nasdaq rules.

In connection with the Company's acquisition in January 2002 of SpatialMetrix, Inc., the Company engaged Cole and Partners to serve as the Company's financial advisor. Stephen Cole, one of the Company's directors, is the founding Partner and President of Cole and Partners. The Company paid Cole & Partners total fees of \$450,000 for its services, of which \$302,000 was paid in January 2002. No fees were paid to Cole & Partners in 2003 or 2004. As a result of the fees paid to Cole and Partners in January 2002, Mr. Cole may not qualify as independent under Nasdaq's new independence rules, which have been applicable to the Company since the 2004 annual shareholders meeting. However, Nasdaq permits a non-independent director to serve on the Audit Committee under exceptional and limited circumstances if such service is in the best interest of the Company and its shareholders. The Board determined that Mr. Cole's continued service on the audit committee is in the best interests of the Company and its shareholders as a result of the following factors:

- o Mr. Cole's experience in understanding and evaluating financial statements;
- o Mr. Cole's understanding of the Company's business and his long-standing role on the Audit Committee;
- o The fact that the circumstances that make Mr. Cole not "independent" are more than three years old.

Committees

The Board of Directors has three standing committees: an Audit Committee, an Operational Audit Committee, and a Compensation Committee.

Audit Committee

The Audit Committee consists of Messrs. d'Amours, Caldwell, and Cole. Mr. Caldwell is the Chairman of the Audit Committee. The Audit Committee held four meetings during 2004 and all members were in attendance at each meeting.

The Audit Committee reviews the independence and qualifications of the Company's independent public accountants and the Company's financial policies, control procedures and accounting staff. The Audit Committee recommends to the Board the appointment of the independent public accountants and reviews and approves the Company's financial statements. The Audit Committee also reviews transactions between the Company and any officer or director or any entity in which an officer or director of the Company has a material interest. The Audit Committee is governed by a written charter approved by the Board of Directors. A copy of this charter is included in this Proxy Statement as Appendix A.

The independent public accountants have access to the Audit Committee without any other members of management being present. In addition to its formal meetings, members of the Audit Committee met with management and the independent accountants before each of the quarterly earnings announcements during 2004. The Audit Committee reviewed the Company's annual financial results and the Company's periodic reports to the Securities and Exchange Commission before filing.

The Board has determined that John Caldwell and Stephen Cole each qualifies as an "audit committee financial expert," as defined in the rules of the Securities and Exchange Commission.

Operational Audit Committee

In December 2002, the Board of Directors created an Operational Audit Committee, and appointed Messrs' Caldwell and Julien as the members of this committee. The Operational Audit Committee met three times in 2004 and each member was in attendance. The Operational Audit Committee is responsible for reviewing the operational metrics of the Company. The operational audit committee meets with department directors to review progress against goals.

Compensation Committee

The Compensation Committee consists of Simon Raab, Gregory Fraser, Norman Schipper, John Caldwell, Stephen Cole, Hubert d'Amours, and Andre Julien. Mr. Julien currently serves as Chairman of the Compensation Committee. The Compensation Committee held one meeting during 2004 and all members were in attendance. The Compensation Committee is responsible for establishing the compensation of the Company's directors, officers and other managerial personnel, including salaries, bonuses, termination arrangements and other benefits. In addition, the Compensation Committee administers the Company's 1993 Stock Option Plan, 1997 Employee Stock Option Plan, 1997 Non-employee Director Stock Option Plan, 1997 Non-employee Directors' Fee Plan and 2004 Equity Compensation Plan.

Each of these committees has the responsibilities set forth in written charters adopted by the Board. The Company makes available on its website located at www.faro.com copies of each of these charters free of charge. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this proxy statement. The Company's Audit Committee charter is attached to this proxy statement as Appendix A.

Report of the Audit Committee

Under the guidance of a written charter adopted by the Board of Directors, the Audit Committee is responsible for overseeing the company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the system of internal controls and the financial reporting process. The independent accountants have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The Audit Committee has among other things the responsibility to monitor and oversee these processes.

The Audit Committee selected Grant Thornton LLP to serve as Company's independent auditors for the current fiscal year. Prior to the engagement of Grant Thornton LLP, Ernst & Young LLP had served as the principal accountant to audit the Company's financial statements for a period including the Company's two most recent fiscal years. The reason for the change in the Company's principal accountant to audit financial statements was a desire, in the spirit of the Sarbanes-Oxley Act of 2002, to ensure a more clear separation between tax consulting and audit assistance for the Company. Ernst & Young LLP is still being retained by the Company as its principal accountant for tax purposes.

Grant Thornton LLP has discussed with the Committee and provided written disclosures to the Committee on (1) that firm's independence as required by the Independence Standards Board and (2) the matters required to be communicated under auditing standards generally accepted in the United States. The Audit Committee also considered the compatibility of non-audit services with the auditors' independence.

The Committee reviewed with the independent accountants the overall scope and specific plans for its audit. Without management present, the Committee met separately with the independent accountants to review the results of their examinations, their evaluation of the company's internal controls, and the overall quality of the Company's accounting and financial reporting. The Committee reviewed and discussed with management and the independent accountants the Company's audited financial statements.

Following these actions, the Committee recommended to the Board that the audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

Hubert d'Amours, Audit Committee Member
Stephen Cole, Audit Committee Member
John Caldwell, Audit Committee Member (Chair)

Report of the Operational Audit Committee

The Operational Audit Committee is responsible for monitoring the internal operational metrics of the Company.

In 2004 the Committee met with all department managers and directors from the Company's worldwide headquarters, the Company's European headquarters, and the Company's manufacturing plant in Pennsylvania. The primary basis for the review was the Company's SPC Library, a proprietary reporting system used by the Company which tracks the progress of five key goals in each department. These goals are chosen by department directors as most representative and important in tracking their progress against goals.

Following these meetings, the Committee recommended to the Board that the Committee receive the SPC Library reports and meet with management each quarter, compared to semi-annually in 2004.

John Caldwell, Operational Audit Committee Member (Chair)
Andre Julien, Operational Audit Committee Member

Nominations of Directors

The Board selects the director nominees to stand for election at the Company's annual meetings of shareholders and to fill vacancies occurring on the Board. Currently, the entire Board fulfills the role of the nominating committee, as the Board has not established a separate nominating committee. Each director participates in the nomination process. The Board does not have a nominating committee charter.

In selecting nominees to serve as directors, the Board will examine each director nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate. However, the Board believes the following minimum qualifications must be met by a director nominee to be recommended by the Board:

- o Each director must display high personal and professional ethics, integrity and values.
- o Each director must have the ability to exercise sound business judgment.
- o Each director must be highly accomplished in his or her respective field, with broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest.
- o Each director must have relevant expertise and experience, and be able to offer advice and guidance based on that expertise and experience.
- o Each director must be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value.
- o Each director must have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business. The Board also believes the following qualities or skills are necessary for one or more directors to possess:
 - o One or more of the directors generally should be active or former chief executive officers of public or private companies or leaders of major organizations, including commercial, scientific, government, educational and other similar institutions.
 - o Directors should be selected so that the Board is a diverse body.

Shareholders may recommend director nominees for consideration by the Board by writing to the Chairman of the Board, care of the Secretary of Company, 125 Technology Park, Lake Mary, Florida, 32746, together with appropriate biographical information concerning each proposed nominee.

Communications with Board of Directors

Shareholders may communicate with the full Board or individual directors, by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 125 Technology Park, Lake Mary, Florida 32746. Such communications will be delivered directly to the directors.

Director Compensation

In the 2002 meeting of the Compensation Committee the Committee amended the Non-employee Directors' Fee Plan. The amended plan took effect in 2004. Under the amended Plan, directors of the Company who are not executive officers were entitled to receive an annual retainer of \$10,000, and fees of \$1,200 per board or committee meeting. Chairpersons of sub-committees received an additional annual retainer of \$3,000.

In 2005, non-employee directors earned the following directors' fees: Messrs. d'Amours (\$26,800), Caldwell (\$32,800), Cole, (\$26,800), Julien (\$23,200), and Schipper (\$20,800).

Generally, upon election to the Board, and then annually on the day following the annual meeting of shareholders, each director who is not an executive officer is granted a stock option to acquire 3,000 shares of Common Stock. The exercise price for such shares is equal to the closing sale price of the Common Stock as reported on The Nasdaq Stock Market on the date the director is elected or reelected to the Board, or on the date of the day following the annual meeting of shareholders for directors whose term will continue after the annual meeting. Options granted to Directors generally are

granted upon the same terms and conditions as options granted to executive officers and employees. Additionally, the Company's 1997 Non-employee Directors' Fee Plan permits non-employee directors to elect to receive directors' fees in the form of Common Stock rather than cash. Common Stock issued in lieu of cash directors' fees are issued at the end of the quarter in which the fees are earned, with the number of shares being based on the fair market value of the Common Stock for the five trading days immediately preceding the last business day of the quarter. Directors may defer the receipt of fees for federal income tax purposes, whether payable in cash or in Common Stock.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Ethics that is applicable to its principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. The Code of Ethics is available on the Internet web site at www.faro.com. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this proxy statement.

Report by the Compensation Committee Report on Executive Compensation

The Company's executive compensation program is administered by the Compensation Committee of the Board, which has responsibility for all aspects of the compensation program for the executive officers of the Company. A component of overall compensation is the granting of stock options, the award of which is made by the Compensation Committee and is discussed in "Long-Term Stock Incentives," below. The Compensation Committee consists of Norman Schipper, John Caldwell, Stephen Cole, Hubert d'Amours, and Andre Julien.

The Compensation Committee's primary objective with respect to executive compensation is to establish programs that attract and retain key managers and align their compensation with the Company's overall business strategies, values, and performance. To this end, the Compensation Committee established and the Board endorsed an executive compensation philosophy for 2004, which included the following considerations:

- o a "pay-for-performance" feature that differentiates compensation results based upon organizational results and overall performance against plan; and
- o stock incentives, in certain cases, as a component of total compensation in order to closely align the interests of the Company's executives with the long-term interests of shareholders which facilitates retention of talented executives and encourages Company stock ownership and capital accumulation; and emphasis on total compensation vs. cash compensation, under which base salaries are generally set competitive levels in order to motivate and reward Company executives with total compensation (including incentive programs) at or above competitive levels, if the financial performance of the Company meets or exceeds goals established for the year.

For 2004, the Company's executive compensation program was comprised of the following primary components: (a) base salaries; (b) annual cash incentive opportunities; and (c) long-term incentive opportunities in the form of previously granted stock options. Each primary component of pay is discussed below.

Base Salaries. Base salaries paid to its executive officers are subject to annual review and adjustment on the basis of individual and Company performance, level of responsibility, individual experience, and competitive, inflationary, and internal equity considerations. The base salary for Simon Raab, the Company's President and Chief Executive Officer, was increased \$60,000, or 20.7% in 2004 compared to 2003 based upon such factors as the Company's profitability, competition in the market, and overall economic conditions in 2004. The Compensation Committee generally attempts to set base salaries of executive officers at levels that are competitive in order to attract, motivate, and retain Company executives. In addition, both short-term and long-term incentives are used to focus and motivate Company executives and are also tied to both individual and overall company performance. Compensation is based on information contained in Compensation surveys and reflects pay levels, mixes and practices in other companies of similar make-up relative to industry, number of employees and revenues.

Annual Cash Incentives. Company executives are eligible to receive annual cash bonus awards to focus attention on achieving key goals pursuant to bonus plans designed to provide competitive incentive pay only in the event such objectives are met or exceeded. The objectives include specific targets for earnings as reflected in the Company's financial plan submitted by management and approved by the Compensation Committee and the Board based on a variety of factors, including viability of the target growth rate and amount of earnings appropriate to satisfy shareholder expectations.

During the year ended December 31, 2004, the Compensation Committee awarded up to 50% of the annual cash incentive potential to its executives.

Long-Term Stock Incentives. Long-term stock incentives, which are a component of compensation, are awarded by the Compensation Committee of the Board. The Compensation Committee administers the 2005 Plan as well as the Company's other stock-based plans (collectively referred to as the "Plans"), and determines the recipients of the nonqualified and incentive Plans and non-Plan stock options and the exercise price of such stock options on the date of grant.

Grants to executives under the plans are determined by the Compensation Committee and are designed to align a portion of the executive compensation package with the long-term interests of the Company's shareholders by providing an incentive that focuses attention on managing the Company from the perspective of an owner with an equity stake in the business.

Incentive stock options and nonqualified stock options are granted for terms up to ten years, and are designed to reward exceptional performance with a long-term benefit, facilitate stock ownership, and deter recruitment of key Company personnel by competitors and others. In evaluating annual compensation of executive officers, the Compensation Committee takes into consideration the stock options as a percentage of total compensation, consistent with its philosophy that stock incentives more closely align the interests of company managers with the long-term interests of shareholders, and takes the number of options granted to an executive officer into consideration in determining base salaries of executive officers. In granting stock options to executive officers, the Compensation Committee considers the number and size of stock options already held by an executive officer when determining the size of stock option awards to be made to the officer in a given fiscal year.

At April 18, 2004 the executive officers appearing in the Summary Compensation Table held stock or currently held the right to acquire stock representing 22.6% of the Company's outstanding Common Stock.

Section 162(m). Section 162(m) to the Internal Revenue Code of 1986, as amended (the "Code"), which prohibits a deduction to any publicly held corporation for compensation paid to a "covered employee" in excess of \$1 million per year (the "Dollar Limitation"). A covered employee is any employee who appears in the Summary Compensation Table who is also employed by the Company on the last day of the Company's calendar year. The Compensation Committee may consider alternatives to its existing compensation programs in the future with respect to qualifying executive compensation for deductibility.

As described above, the Company's executive compensation program provides a link between total compensation and the Company's performance and long-term stock price appreciation consistent with the compensation philosophies set forth above. This program has been established since the Company's establishment of its first stock option plan in 1993, and has been a significant factor in the Company's growth and profitability and the resulting gains achieved by the Company's shareholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company leases its headquarters from Xenon Research, Inc. ("Xenon"), all of the issued and outstanding capital stock of which is owned by Simon Raab, the Company's President and Chief Executive Officer, and Diana Raab, his spouse. The term of the lease expires on February 28, 2006, and the Company has two five-year renewal options. Base rent under the lease was \$398,000 for 2004. Base rent during renewal periods will reflect changes in the U.S. Bureau of Labor statistics consumer Price Index for all Urban Consumers. The terms of the lease were approved by an independent committee of the Company's Board of Directors upon review of an independent market study of comparable rental rates and such terms are, in the opinion of the Board of Directors, no less favorable than those that could be obtained on an arm's-length basis.

In connection with the Company's acquisition in January 2002 of SpatialMetrix, Inc., the Company engaged Cole and Partners, a mergers and acquisition and corporate finance advisory service firm, to serve as the Company's financial advisor. Stephen Cole, one of the Company's directors, is the founding Partner and President of Cole and Partners. For its services, Cole and Partners charged the Company fees of \$450,000, of which \$302,000 were paid in 2002.

INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP, independent public accountants, audited the Company's consolidated financial statements for the fiscal year ended December 31, 2003 and reviewed the financial statements included in Quarterly Reports on Form 10-Q for the fiscal year ended December 31, 2004.

On November 15, 2004 the Audit Committee of the Board of Directors of Faro Technologies, Inc. participated in, recommended and approved the engagement of Grant Thornton LLP as the Company's principal accountant to audit the financial statements of the Company. Grant Thornton LLP was engaged by the Company on November 15, 2004. The Company dismissed Ernst & Young LLP on November 16, 2004 as its principal accountant to audit the Company's financial statements. The reason for the change in the Company's principal accountant to audit financial statements was a desire, in the spirit of the Sarbanes-Oxley Act of 2002, to ensure a more clear separation between tax consulting and audit assistance for the Company. Ernst & Young LLP is still being retained by the Company as its principal accountant for tax purposes. Prior to the engagement of Grant Thornton LLP, Ernst & Young LLP had served as the principal accountant to audit the Company's financial statements for a period including the Company's two most recent fiscal years.

Ernst & Young LLP audited the Company's financial statements for the years ended December 31, 2002, and 2003, and issued its audit report dated February 20, 2004. During the two most recent fiscal years and the subsequent interim period preceding November 16, 2004 (date of dismissal), no report of Ernst & Young LLP on the Company's financial statements contained an adverse opinion or a disclaimer of opinion, nor was one qualified as to uncertainty, audit scope, or accounting principles.

During the two most recent fiscal years and the subsequent interim period preceding November 16, 2004 (date of dismissal), there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP would have caused Ernst & Young LLP to make a reference to the subject matter of the disagreements in connection with its report on the Company's financial statements for any such periods. The Company requested that Ernst & Young LLP furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the above statements. The letter is attached as Exhibit 16 to the Company's Form 8-K filed with the Securities and Exchange Commission on November 18, 2004.

Grant Thornton LLP, independent public accountants, audited the Company's consolidated financial statements for the fiscal year ended December 31, 2004. Grant Thornton LLP has been selected by the Audit Committee to serve as the Company's independent auditors for the current fiscal year. Representatives of Grant Thornton LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement, if they so desire.

The Audit Committee has concluded that provision of the audit and permitted non-audit services described above by Grant Thornton LLP and Ernst & Young LLP is compatible with maintaining independence of Grant Thornton LLP and Ernst & Young LLP.

Pursuant to the Audit Committee Charter, the Audit Committee pre-approved all of such services. The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit services to be provided by its independent auditors. Pursuant to these policies and procedures, the Audit Committee may form, and delegate authority to, subcommittees consisting of one or more members when appropriate to grant such pre-approvals, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management.

DEADLINE FOR RECEIPT OF SHAREHOLDER PROPOSALS

The deadline for submission of shareholder proposals pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 ("Rule 14a-8") for inclusion in the Company's proxy statement for its 2005 Annual Meeting of Shareholders is December 10, 2004. Notice to the Company of a shareholder proposal submitted otherwise than pursuant to Rule 14a-8 will be considered untimely, and the persons named in proxies solicited by the Board of Directors of the Company for its 2005 Annual Meeting of Shareholders may exercise discretionary voting power with respect to any such proposal if received by the Company after March 15, 2005 (assuming a May 17, 2005 meeting date).

OTHER MATTERS

If any other matters shall come before the Annual Meeting, the persons named in the proxy, or their substitutes, will vote thereon in accordance with their judgment. The Board does not know of any other matters which will be presented for action at the meeting.
