RATIO OF COMBINED FIXED CHARGES AND PREFERENCE DIVIDENDS TO EARNINGS

If we offer preferred stock pursuant to this registration statement, we will provide a ratio of earnings to fixed charges and/or ratio of combined fixed charges and preference dividends to earnings in the applicable prospectus supplement for such offering.

DESCRIPTION OF CAPITAL STOCK

The following summary of the terms of our common stock may not be complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of our articles of incorporation and our bylaws. You should refer to, and read this summary together with, our articles of incorporation and bylaws to review all of the terms of common stock that may be important to you.

Under our articles of incorporation, we are authorized to issue a total of 50,000,000 shares of common stock, par value \$0.001 per share and 10,000,000 shares of preferred stock, par value \$0.001 per share. As of December 15, 2009, we had issued and outstanding 16,102,331 shares of common stock held by approximately 71 holders of record and no shares of preferred stock issued and outstanding. All outstanding shares of our common stock are fully paid and nonassessable. Our common stock is listed on the Nasdaq Global Select Market under the symbol FARO.

Dividends

Subject to preferences that might be applicable to any then outstanding preferred stock, holders of our common stock are entitled to participate equally in dividends when our Board of Directors declares dividends on our common stock out of legally available funds. We have never declared or paid any cash dividends on our common stock and do not anticipate paying any such cash dividends in the foreseeable future. Future dividends, if any, will be determined by our Board of Directors and will be based on our earnings, capital requirements and operating and financial condition, among other factors, at the time any such dividends are considered by our Board of Directors.

Voting Rights

The holders of our common stock are entitled to one vote for each share of common stock held; our articles of incorporation do not provide for cumulative voting. Directors are elected by a plurality of votes cast by shares entitled to vote in the election of directors. On all other matters, unless a greater number of affirmative votes is required, an action is approved by a majority of votes cast at the meeting.

Liquidation and Dissolution

In the event of our liquidation, dissolution, or winding up, voluntarily or involuntarily, holders of our common stock will have the right to a ratable portion of the assets remaining after satisfaction in full of the prior rights of our creditors and of all liabilities, subject to prior distribution rights of any preferred stock then outstanding.

Other

Holders of our common stock are not entitled to any preemptive or preferential right to purchase or subscribe for shares of capital stock of any class and have no conversion, redemption or sinking fund rights.

Certain Statutory and Other Provisions

Statutory Provisions. The Company is subject to several anti-takeover provisions under Florida law that apply to public corporations organized under Florida law unless the corporation has elected to opt out of those provisions in its articles of incorporation or (depending on the provision in question) its bylaws. The Company has not elected to opt out of these provisions. The Florida Business Corporation Act, which we refer to as the FBCA, prohibits the voting of shares in a publicly held Florida corporation that are acquired in a “control share acquisition” unless the Board of Directors approves the control share acquisition or the holders of a majority of the corporation’s voting shares (exclusive of shares held by officers of the corporation, inside directors or the acquiring party) approve the granting of voting rights as to the shares acquired in the control share acquisition. A “control share acquisition” is defined as an acquisition that immediately thereafter entitles the acquiring party to, directly or indirectly, exercise voting power in the election of directors within any of the following ranges: (i) one-fifth or more but less than one-third of such voting power, (ii) one-third or more but less than a majority of such voting power and (iii) a majority or more of such voting power. This statutory voting restriction is not applicable in certain circumstances set forth in the FBCA.

The FBCA also contains an “affiliated transaction” provision that prohibits a publicly-held Florida corporation from engaging in a broad range of business combinations or other extraordinary corporate transactions with an “interested shareholder” unless (i) the transaction is approved by a majority of disinterested directors, (ii) the Company has not had more than 300 shareholders of record during the past three years, (iii) the interested shareholder has owned at least 80% of the Company’s outstanding voting shares for at least five years, (iv) the interested shareholder is the beneficial owner of at least 90% of the voting shares (excluding shares acquired directly from the Company in a transaction not approved by a majority of the disinterested directors), (v) consideration is paid to the holders of the Company’s shares equal to the highest amount per share paid by the interested shareholder for the acquisition of Company shares in the last two years or fair market value and certain other conditions are met or (vi) the transaction is approved by the holders of two-thirds of the Company’s voting shares other than those owned by the interested shareholder. An interested shareholder is defined as a person who, together with affiliates and associates, beneficially owns (as defined in Section 607.0901(1) (e) of the FBCA) more than 10% of the Company’s outstanding voting shares.

Classified Board of Directors. The Company’s articles of incorporation and bylaws provide that the Board of Directors of the Company will be divided into three classes, with staggered terms of three years for each class. The term of one class expires each year. The Company’s bylaws provide that any vacancies on the Board of Directors will be filled only by the affirmative vote of a majority of the directors then in office, even if less than a quorum. The articles of incorporation and bylaws of the Company also provide that any director may be removed from office, but only for cause and only upon the affirmative vote of the holders of at least two-thirds of our common stock.

Special Voting Requirements. The Company’s articles of incorporation provide that all actions taken by the shareholders must be taken at an annual or special meeting of the shareholders or by written consent of the

[Table of Contents](#)

holders of not less than two-thirds of the Company's outstanding voting shares. The articles of incorporation provide that special meetings of the shareholders may be called only by the President, the Chairman of the Board, a majority of the members of the Board of Directors, even if less than a quorum, or the holders of not less than 50% of the Company's outstanding voting shares. Under the Company's bylaws, shareholders will be required to comply with advance notice provisions with respect to any proposal submitted for shareholder vote, including nominations for elections to the Board of Directors. The articles of incorporation and bylaws of the Company contain provisions requiring the affirmative vote of the holders of at least two-thirds of our common stock to amend certain provisions of the Company's articles of incorporation and bylaws.

Transfer Agent

American Stock Transfer and Trust Company serves as the transfer agent and registrar for all of our common stock.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our common stock or preferred stock in one or more series. We may issue warrants independently or together with our common stock or preferred stock. While the terms summarized below will apply generally to any warrants we may offer, we will describe the particular terms of any series of warrants in more detail in the applicable prospectus supplement.

We will issue each series of warrants under a separate warrant agreement to be entered into between us and the warrant holders or a warrant agent identified in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the series of warrants and will not assume any obligation or relationship of agency or trust for or with any holders of the warrants. We will file as an exhibit to the registration statement of which this prospectus forms a part, or incorporate by reference from reports that we file with the SEC, the form of warrant agreement, including the form of warrant certificate, that describes the particular terms of the series of warrants we are offering before we issue such series, and the following summary is qualified in its entirety by reference to such exhibit. Table of Contents

- any provisions for changes to or adjustments in the exercise price or number of securities issuable upon exercise of the warrants;
- the dates on which the right to exercise the warrants will commence and expire;

- the terms of the securities issuable upon exercise of the warrants; and
- any other specific terms, preferences, rights or limitations of or restrictions on the warrants.

Exercise

Each warrant will entitle the holder to purchase the securities that we specify in the applicable prospectus supplement at an exercise price set forth in the applicable prospectus supplement. Holders of the warrants may exercise the warrants at any time up to the specified time on the expiration date set forth in the applicable prospectus supplement. After such time on the expiration date, unexercised warrants will become void.

Holders may exercise the warrants by delivering the warrant certificate representing the warrants to be exercised, together with specified information, and paying the required amount to the warrant agent in immediately available funds, as provided in the applicable prospectus supplement. We will set forth on the reverse side of the warrant certificate and in the applicable prospectus supplement the information that the holder of the warrant will be required to deliver to the warrant agent.

Upon receipt of the required payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by the warrant certificate are exercised, then we will issue a new warrant certificate for the remaining amount of warrants. If we indicate in the applicable prospectus supplement, holders of the warrants may surrender securities as all or part of the exercise price for warrants.

Governing Law

Unless we provide otherwise in the applicable prospectus supplement, the warrants and warrant agreements will be governed by and construed in accordance with the laws of the State of New York.

DESCRIPTION OF UNITS

We may issue, in one more series, units consisting of our common stock, preferred stock and warrants in any combination. We may issue units in such amounts and in such numerous distinct series as we determine. While the terms we have summarized below will apply generally to any units that we may offer under this prospectus, we will describe the particular terms of any series of units in more detail in the applicable prospectus supplement.

We will issue each series of units under a separate unit agreement to be entered into between us and the unit holders or a unit agent identified in the applicable prospectus supplement. The unit agent will act solely as our agent under the applicable unit agreement and will not assume any obligation or relationship of agency or trust with any holder of any unit. A single bank or trust company may act as unit agent for more than one series of units. A unit agent will have no duty or responsibility in case of any default by us under the applicable unit agreement or unit, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a unit may, without the consent of the related unit agent or the holder of any other unit, enforce by appropriate legal action its rights as holder under any security included in the unit.

[Table of Contents](#)

We will file as an exhibit to the registration statement of which this prospectus is a part, or incorporate by reference from reports that we file with the SEC, the form of unit agreement that describes the terms of the series of units we are offering, and any supplemental agreements, before we issue such series, and the following summary is qualified in its entirety by reference to such exhibit. The following summaries of material terms and provisions of the units are subject to, and qualified in their entirety by reference to, all the provisions of the unit agreement and any supplemental agreements applicable to a particular series of units. You should read the following summary, the applicable prospectus supplement and any related free writing prospectuses, together with the complete applicable unit agreement and any supplemental agreements containing the terms of the units.

General

Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Accordingly, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement will describe the terms of the series of units being offered, including:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provisions of the governing unit agreement that differ from those described below; and
- any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units.

The provisions described in this section, as well as those described under “Description of Capital Stock” and “Description of Warrants” will apply to each unit and to any common stock, preferred stock or warrant included in each unit, respectively.

Title

We, and any unit agent and any of their agents, may treat the registered holder of any unit certificate as an absolute owner of the units evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the units so requested, despite any notice to the contrary.

- any discounts, commissions or concessions allowed or reallocated or paid to dealers; and
- any securities exchange or market on which the securities may be listed.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at varying prices determined at the time of sale, or at negotiated prices.

Only those underwriters identified in the applicable prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement. If underwriters are used in the sale of any securities, the underwriters will acquire the securities for their own account and may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. We may offer the securities to the public through underwriting syndicates represented by managing underwriters or directly through underwriters without a syndicate. The underwriters' obligations to purchase any securities will be subject to certain conditions set forth in the applicable underwriting agreement. However, if they purchase any of the securities, the underwriters will generally be obligated to purchase all of the securities, other than the securities covered by any over-allotment option.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the securities, as well as any commissions we pay the agents. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Agents and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

Unless otherwise specified in the related prospectus supplement, each series of securities will be a new issue with no established trading market, other than shares of our common stock, which are listed on the NASDAQ Global Select Market. Any common stock sold pursuant to a prospectus supplement will be listed on NASDAQ, subject to official notice of issuance. We may elect to list preferred stock on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We can offer no assurance as to the liquidity of, or the trading market for, any offered securities.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the

[Table of Contents](#)

account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. Underwriters may engage in over-allotment. If any underwriters create a short position in the securities in an offering in which they sell more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed 8% of the aggregate offering price of the shares offered pursuant to this prospectus and any applicable prospectus supplement.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The Company is a Florida corporation. Section 607.0850 of the Florida Business Corporation Act (the "FBCA") permits a Florida corporation to indemnify a present or former director or officer of the corporation who was or is a party to a proceeding by reason of his service in that capacity, for liabilities incurred in connection with such proceeding, if the director or officer acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal proceeding, if he had no reasonable cause to believe his conduct was unlawful. However, in the case of actions brought by or in the right of the corporation, no indemnification may be made with respect to any matter as to which such director or officer is adjudged liable, unless and to the extent a court determines that, despite the adjudication of liability but in view of all circumstances, the director or officer is fairly and reasonably entitled to indemnity. In the case of actions brought by or in the right of the corporation for which indemnification is proper, indemnification is limited to expenses and amounts paid in settlement that are actually and reasonably incurred in connection with the defense or settlement of such proceeding, and that do not exceed, in the judgment of the corporation's board of directors, the estimated expense of litigating the proceeding to conclusion. The corporation must also indemnify a director or officer who is successful on the merits or otherwise in defense of such proceedings, or in defense of any matter in such proceedings, against expenses actually and reasonably incurred by him in connection with the proceeding. Section 607.0850 of the FBCA further provides that a corporation may not indemnify or advance expenses to a director or officer if a final adjudication establishes that his actions, or omissions to act, were material to the cause of action and constitute (i) a violation of criminal law (unless he had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe his conduct was unlawful), (ii) a transaction from which he derived improper personal benefit, (iii) in the case of a director, an unlawful distribution, or (iv) willful misconduct or conscious disregard for the best interests of the corporation in a proceeding by or in right of the corporation to procure a judgment in its favor or in a proceeding by or in right of a shareholder.

The Company's articles of incorporation and bylaws provide that the Company shall indemnify directors and executive officers to the fullest extent now or hereafter permitted by the FBCA. The Company's articles of incorporation and bylaws further state that the indemnification provided under the articles of incorporation and bylaws is not exclusive of any other rights to which a director or officer may be otherwise entitled. The Company has also purchased insurance with respect to, among other things, liabilities that may arise under the statutory provisions referred to above.

The general effect of the foregoing provisions may be to reduce the circumstances in which an officer or director may be required to bear the economic burden of the foregoing liabilities and expense.

ITEM 17. UNDERTAKINGS.

A. Rule 415 Offering

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Table of Contents

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the Registration Statement as of the date the filed prospectus was deemed part of and included in the Registration Statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a Registration Statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the Registration Statement relating to the securities in the Registration Statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a Registration Statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to the purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this Registration Statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectuses relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

B. Filings Incorporating Subsequent Exchange Act Documents By Reference

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the

Table of Contents

Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

H. Request for Acceleration of Effective Date or Filing of Registration Statement Becoming Effective Upon Filing

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

I. Registration Statement Permitted by Rule 430A Under the Securities Act of 1933

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Re: FARO Technologies, Inc.
Registration Statement on Form S-3

Ladies and Gentlemen:

We have acted as counsel to FARO Technologies, Inc., a Florida corporation (the "Company"), in connection with the filing of the above-referenced registration statement (the "Registration Statement") with the Securities and Exchange Commission (the "Commission"), under the Securities Act of 1933, as amended (the "Securities Act"). The Registration Statement relates to the issuance and sale, from time to time, on an immediate, continuous or delayed basis pursuant to the Commission's Rule 415, of up to \$145,000,000 of an indeterminate number or aggregate principal amount of the Company's (i) common stock, par value \$0.001 per share ("Common Stock"), (ii) preferred stock, par value \$0.001 per share ("Preferred Stock"), (iii) warrants to purchase shares of Common Stock or Preferred Stock ("Warrants"), and (iv) units consisting of Common Stock, Preferred Stock and Warrants in any combination ("Units" and (i) through (iv) collectively, the "Securities").

This opinion letter is rendered pursuant to Item 601(b)(5) of the Commission's Regulation S-K and no opinion is expressed herein as to any matter pertaining to the contents of the Registration Statement, other than as to the validity of the Securities.

In our capacity as such counsel, we have examined the Articles of Incorporation of the Company, as amended, the Bylaws of the Company, as amended, records of proceedings of the Board of Directors, or committees thereof, and of the shareholders of the Company deemed by us to be relevant to this opinion letter, and the Registration Statement. We have also examined such other documents, including certificates of officers of the Company, certificates of public officials, and such other records and documents as we have deemed appropriate for the purpose of expressing the opinions set forth herein. We have also made such further legal and factual examinations and investigations as we deemed necessary for purposes of expressing the opinions set forth herein.

As to certain factual matters relevant to this opinion letter, we have relied conclusively on originals or copies, certified or otherwise identified to our satisfaction, of such records, agreements, documents and instruments, including certificates or comparable documents of officers of the Company and of public officials, as we have deemed appropriate as a basis for the opinions hereinafter set forth. Except to the extent expressly set forth herein, we have made no independent investigations with regard to matters of fact, and, accordingly, we do not express any opinion as to matters that might have been disclosed by independent verification.

In our examination of the relevant documents, we have assumed the genuineness of all signatures, the legal capacity of natural persons, the authenticity, accuracy and completeness of all documents submitted to us, the authenticity of all original documents and the conformity to authentic original documents of all documents submitted to us as copies (including telecopies).

In connection with each of the opinions set forth below, we have also assumed that, at or prior to the time of issuance of any of the Securities, (i) the Board of Directors of the Company has taken all necessary corporate action to authorize the issuance and sale of such Security, including the adoption of Articles of Amendment for any series of Preferred Stock in accordance with the applicable provisions of the Florida Business Corporation Act, and such authorization has not been modified or rescinded, (ii) the Commission has declared the Registration Statement effective and such effectiveness has not been terminated or rescinded, (iii) an appropriate prospectus supplement with respect to such Security has been prepared, delivered, and filed in compliance with the Securities Act and the applicable rules and regulations thereunder, and (iv) any legally required consents, approvals, authorizations and other orders of any governmental authority have been obtained. We have further assumed that the terms of the Securities have been established in conformity with the Company's Articles of Incorporation and Bylaws and that none of the terms of any Security, the issuance and delivery of such Security, nor the compliance by the Company with the terms of such Security will violate any applicable law, rule or regulation, any instrument or agreement then binding on the Company, or any judicial or regulatory order or decree of any court or governmental body having jurisdiction over the Company.

Our opinions set forth below are limited to the Florida Business Corporation Act, applicable provisions of the Constitution of the State of Florida, and reported judicial decisions interpreting such Business Corporation Act and Constitution, and federal laws of the United States to the extent referred to specifically herein, and we do not express any opinion herein concerning any other laws. We are not engaged in practice in the state of Florida; however, we have made each inquiry as we consider necessary to render the opinions contained herein.

Based on the foregoing and subject to the limitations, qualifications, exceptions and assumptions set forth herein, it is our opinion that:

1. With respect to any shares of Common Stock offered by the Company under the Registration Statement (the "Offered Common Stock"), when (i) if issued in certificated form, certificates representing the shares of Offered Common Stock in the form required by Florida law have been duly executed, countersigned, registered and delivered to the purchasers of such shares or (ii) in the case of shares issued in uncertificated form, the shares of Offered Common Stock have been registered on the books of the Company, the shares of Offered Common Stock (including any shares of Common Stock duly issued upon conversion, exchange or exercise of any Offered Preferred Stock or Offered Warrants), when issued and sold upon payment of the agreed upon consideration for such shares in accordance with any duly authorized, executed and delivered underwriting, purchase, or similar agreement, will be duly authorized, validly issued, fully paid and nonassessable, provided that the consideration for such shares is not less than \$0.001 per share of Common Stock.

2. With respect to the shares of any series of Preferred Stock offered by the Company under the Registration Statement (the "Offered Preferred Stock"), when (i) Articles of Amendment have been duly filed with the Secretary of State of the State of Florida, and (ii) (A) if issued in certificated form, certificates representing the shares of Offered Preferred Stock in the form required by Florida law have been duly executed, countersigned, registered and delivered to the purchasers of such shares or (B) in the case of shares issued in uncertificated form, the shares of Offered Preferred Stock have been registered on the books of the Company, the shares of Offered Preferred Stock (including any shares of Preferred Stock duly issued upon conversion, exchange or exercise of any Offered Preferred Stock or Offered Warrants), when issued and sold upon payment of the agreed upon consideration for such shares in accordance with any duly authorized, executed and delivered underwriting, purchase, or similar agreement, will be duly authorized, validly issued, fully paid and nonassessable, provided that the consideration for such shares is not less than \$0.001 per share of Preferred Stock.

3. With respect to any Warrants offered by the Company under the Registration Statement (the "Offered Warrants"), when (i) the Common Stock or Preferred Stock relating to such Offered Warrants have been duly authorized for issuance, (ii) a Warrant Agreement relating to the Offered Warrants has been duly authorized, executed, and delivered by the Company and the other parties thereto, and (iii) certificates representing the Offered Warrants have been duly executed, registered and delivered to the purchasers of such Warrants in accordance with the terms of the applicable Warrant Agreement, the Offered Warrants, when issued and sold upon payment of the agreed upon consideration for such Warrants in accordance with the applicable Warrant Agreement and any duly authorized, executed and delivered underwriting, purchase, or similar agreement, will be duly authorized and validly issued and will be legally valid and binding obligations of the Company, enforceable against the Company in accordance with their terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting creditors' rights generally and by general principles of equity.

4.
