**PRESS RELEASE**  
For Immediate Release

## **FARO Announces First Quarter 2021 Financial Results**

**LAKE MARY, FL**, April 28, 2021 - FARO® (Nasdaq: FARO), a global leader of 3D measurement, imaging, and realization solutions for the 3D Metrology, AEC (Architecture, Engineering & Construction), and Public Safety Analytics markets, today announced its financial results for the first quarter ended March 31, 2021.

"First quarter demand reflected historical seasonality combined with an ongoing but improving pandemic demand impact that we believe will continue to improve throughout 2021," stated Michael Burger, President and Chief Executive Officer. "Once demand returns to normalized pre-pandemic levels, we believe our new cost structure will enable the sustained achievement of our success model of 20% EBITDA margins."

Mr. Burger continued, "While demand recovers, we remain focused on executing our strategic initiatives including the alignment of our hardware and software development activities to add value to our customer's workflows and create long-term product differentiation in our target markets."

### **First Quarter 2021 Financial Summary**

2021 first quarter sales of \$76.3 million compare with \$79.5 million for the first quarter of 2020. However, new order bookings in the first quarter at \$80.6 million were up 3% over the preceding year. The slight decline in sales for the quarter is the result of the economic effect of Covid pandemic which is still in the recovery stage. Sequentially, sales and bookings compared with the fourth quarter 2020 were lower by 18% and 15%, respectively, reflecting normal seasonality in our business.

Gross margin was 52.9% for the first quarter 2021, as compared to 55.2% for the same prior year period. Non-GAAP gross margin was 53.0% for the first quarter 2021 compared to 55.5% for the first quarter 2020. The annual decrease in gross margin was primarily a result of changes in product mix and lower sales resulting from the COVID-19 pandemic.

Operating expense, was \$46.8 million for the first quarter 2021, compared to \$60.4 million for the same prior year period. Non-GAAP operating expense was \$42.8 million for the first quarter 2021 compared to \$44.3 million for the first quarter 2020.

Net loss was \$3.2 million, or \$0.18 per share, for the first quarter 2021, as compared to a net loss of \$14.8 million, or \$0.84 per share, for the first quarter 2020. Non-GAAP net loss was \$0.6 million, or \$0.03 per share, for the first quarter 2021 compared to Non-GAAP net loss of \$0.4 million, or \$0.02 per share, for the first quarter 2020.

Adjusted EBITDA was \$0.4 million, or 0.5% of total sales, for the first quarter of 2021 compared to Adjusted EBITDA of \$3.1 million, or 3.9% of total sales, for the first quarter of 2020.

The Company's cash and short-term investments decreased \$15.7 million to \$170.0 million as of the end of the first quarter of 2021, and the Company remained debt-free.

\* A reconciliation of the non-GAAP financial measures to the most directly comparable GAAP financial measures is provided in the financial schedules portion at the end of this press release. An additional explanation of these measures is included below under the heading "Non-GAAP Financial Measures".

### **Conference Call**

The Company will host a conference call to discuss these results on Thursday, April 29, 2021 at 8:00 a.m. ET. Interested parties can access the conference call by dialing (877) 876-9176 (U.S.) or +1 (785) 424-1670 (International) and using the passcode FARO. A live webcast will be available in the Investor Relations section of FARO's website at: <https://www.faro.com/about-faro/investor-relations/events>

A replay webcast will be available in the Investor Relations section of the company's web site approximately two hours after the conclusion of the call and will remain available for approximately 30 calendar days.

## **About FARO**

For 40 years, FARO has provided industry-leading technology solutions that enable customers to quickly and easily measure their world, and then use that data to make smarter decisions faster. FARO continues to be a pioneer in bridging the digital and physical worlds through data-driven reliable accuracy, precision and immediacy. For more information, visit <http://www.faro.com>

## **Non-GAAP Financial Measures**

This press release contains information about our financial results that are not presented in accordance with U.S. generally accepted accounting principles ("GAAP"). These non-GAAP financial measures, including non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses, non-GAAP loss from operations, non-GAAP other expense, net, non-GAAP net loss and non-GAAP net loss per share, exclude the impact of purchase accounting intangible amortization expense, stock-based compensation, imputed interest expense recorded related to the GSA Matter, restructuring charges, and other tax adjustments, and are provided to enhance investors' overall understanding of our historical operations and financial performance.

In addition, we present Adjusted EBITDA, which is calculated as net loss before interest expense, net, income tax benefit and depreciation and amortization, excluding other (income) expense, net, stock-based compensation, and restructuring charges, as measures of our operating profitability. The most directly comparable GAAP measure to Adjusted EBITDA is net loss. We also present Adjusted EBITDA margin, which is calculated as Adjusted EBITDA as a percent of Non-GAAP total sales.

Management believes that these non-GAAP financial measures provide investors with relevant period-to-period comparisons of our core operations using the same methodology that management employs in its review of the Company's operating results. These financial measures are not recognized terms under GAAP and should not be considered in isolation or as a substitute for a measure of financial performance prepared in accordance with GAAP.

These non-GAAP financial measures have limitations that should be considered before using these measures to evaluate a company's financial performance. These non-GAAP financial measures, as presented, may not be comparable to similarly titled measures of other companies due to varying methods of calculation. The financial statement tables that accompany this press release include a reconciliation of these non-GAAP financial measures to the most directly comparable GAAP financial measures.

## **Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995**

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that are subject to risks and uncertainties, such as statements about demand for and customer acceptance of FARO's products, FARO's product development and product launches, FARO's growth, strategic and restructuring plans and initiatives, including but not limited to the additional restructuring charges expected to be incurred in connection with our restructuring plan and the timing and amount of cost savings and other benefits expected to be realized from the restructuring plan and other strategic initiatives, and FARO's growth potential and profitability. Statements that are not historical facts or that describe the Company's plans, objectives, projections, expectations, assumptions, strategies, or goals are forward-looking statements. In addition, words such as "is," "will" and similar expressions or discussions of FARO's plans or other intentions identify forward-looking statements. Forward-looking statements are not guarantees of future performance and are subject to various known and unknown risks, uncertainties, and other factors that may cause actual results, performances, or achievements to differ materially from future results, performances, or achievements expressed or implied by such forward-looking statements. Consequently, undue reliance should not be placed on these forward-looking statements.

Factors that could cause actual results to differ materially from what is expressed or forecasted in such forward-looking statements include, but are not limited to:

- the Company's ability to realize the intended benefits of its undertaking to transition to a company that is reorganized around functions to improve the efficiency of its sales organization and to improve operational effectiveness;
- the Company's inability to successfully execute its new strategic plan and restructuring plan, including but not limited to additional impairment charges and/or higher than expected severance costs and exit costs, and its inability to realize the expected benefits of such plans;
- the Company's potential loss of future government sales and potential impacts on customer and supplier relationships and on the Company's reputation that may result from the GSA matter;

- development by others of new or improved products, processes or technologies that make the Company's products less competitive or obsolete;
- the Company's inability to maintain its technological advantage by developing new products and enhancing its existing products;
- declines or other adverse changes, or lack of improvement, in industries that the Company serves or the domestic and international economies in the regions of the world where the Company operates and other general economic, business, and financial conditions;
- the effect of the COVID-19 pandemic, including on our business operations, as well as its impact on general economic and financial market conditions;
- the impact of fluctuations in foreign exchange rates; and
- other risks detailed in Part I, Item 1A. Risk Factors in the Company's Annual Report on Form 10-K for the year ended December 31, 2020 that was filed on February 17, 2021.

Forward-looking statements in this release represent the Company's judgment as of the date of this release. The Company undertakes no obligation to update publicly any forward-looking statements, whether as a result of new information, future events, or otherwise, unless otherwise required by law.

<sup>(1)</sup> Late in the fourth quarter of 2018, during an internal review we preliminarily determined that certain of our pricing practices may have resulted in the U.S. Government being overcharged under our General Services Administration (“GSA”) Federal Supply Schedule contracts (the “Contracts”) (the “GSA Matter”). In the first quarter 2020 we recorded imputed interest expense of \$0.1 million related to the GSA Matter. Effective as of February 25, 2021, as a result of the review, we entered into a settlement agreement with the GSA and have paid in full and final satisfaction of any and all claims, causes of actions, appeals and the like, including damages, costs, attorney’s fees and interest arising under or related to the GSA Matter.

<sup>(2)</sup> We exclude stock-based compensation, which is non-cash, from the non-GAAP financial measures because the Company believes that such exclusion provides a better comparison of results of ongoing operations for current and future periods with such results from past periods.

<sup>(3)</sup> On February 14, 2020, our Board of Directors approved a global restructuring plan (the “Restructuring Plan”), which is intended to support our strategic plan in an effort to improve operating performance and ensure that we are appropriately structured and resourced to deliver increased and sustainable value to our shareholders and customers. In connection with the Restructuring Plan, during the first quarters 2020 and 2021 we recorded a pre-tax charge of approximately \$13.7 million and \$1.5 million, respectively, primarily consisting of severance and related benefits.
